A Guide to Teleprompters

This guide provides you with all the information to help you choose which teleprompter is right for your camera and your application.
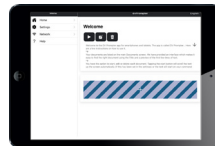

PowerPoint™ / Keynote™

Import PowerPoint™ or Keynote™ presentation slides via the web interface and control them using the WR-500 controller, wireless presentation clickers or over IP from any device with a web browser.

Flexible Control Options

Use the WR-500 Wired/ Bluetooth remote or any device with a web browser to control to pause, resume, scroll, increase or decrease speed, increase and decrease font size, and jump to specific points within the script.

OR

Real Time Editing

Interrupt live broadcasts with breaking news or urgent updates, simply modify the script via the web interface and watch it update in real time.

Synchronize multiple tablets via IP

Connect multiple teleprompters together using our unique IP synchronisation over Ethernet or WiFi or connect using HDMI (TP-800 only)

TP-300
For Mid-sized Cameras and Camcorders

TP-300 is ideal for a video studio setting and houses any tablet with a minimum width of 110mm and maximum of 210mm measured in portrait orientation. TP-300 works best with handheld camcorders.

TP-500
For DSLR Camerasand Camcorders

TP-500 is designed for use with DSLR cameras. It is ideal to use for webcasts, filming Youtube videos, and on-the-field productions. TP-500 houses any tablet with a minimum width of 110mm and maximum of 210mm measured in portrait orientation. A regular 10" iPad or Android tablet work best.

TP-650
For Large ENG Cameras

The TP-650 is designed to accommodate larger tablet computers including the 12.9" iPad Pro to give user a great visual experience while using prompter. The teleprompter houses any tablet with a minimum width of 145mm and maximum of 265mm measured in portrait orientation.

Conference Teleprompter
TP-800

TP-800 is designed for presentations and conferences, where you want the speaker to have the flexibility to move around on stage and not just be limited to looking at one camera. TP-800 features a bright 15" LCD screen with dvPrompter Plus app built-in. There is no need to run software on a laptop and TP-800 can be powered from a V-Lock battery. Everything fits into a hard carry case for safe transport.
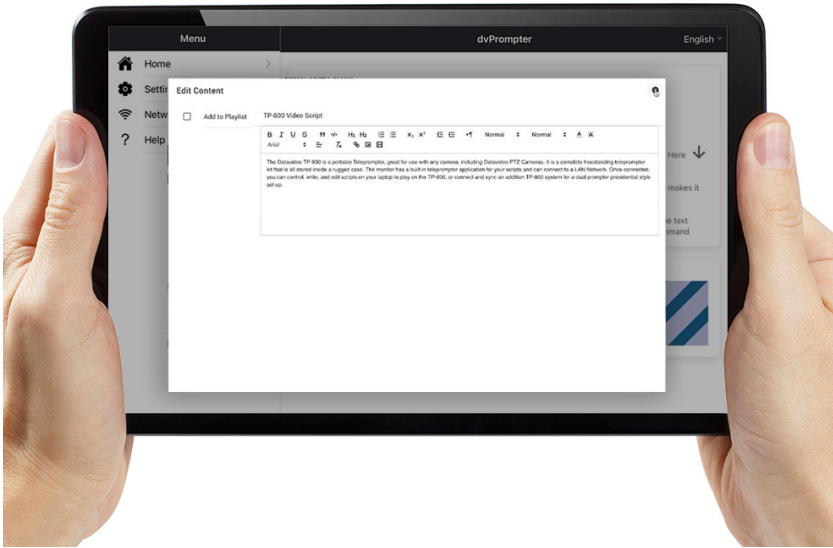

GLASS

High-Quality mirror glass with a low iron content, meaning that the mirror has no tint. Handle with Care
